

Module

```
graph BT; A["torchvision.models.resnet.  
ResNet"] --> B["Module"]
```

The diagram illustrates an inheritance relationship. A light gray box at the top is labeled 'Module'. A dark gray box at the bottom is labeled 'torchvision.models.resnet. ResNet'. A blue arrow points from the top of the bottom box to the bottom of the top box, indicating that 'torchvision.models.resnet. ResNet' inherits from 'Module'.
