    class Nodelet
    class gr_pointcloud_filter_MyNodeletClass["gr_pointcloud_filter::MyNodeletClass"]
    gr_pointcloud_filter_MyNodeletClass --|> Nodelet
```

A UML class diagram illustrating inheritance. At the top is a box labeled "Nodelet". Below it is a box labeled "gr\_pointcloud\_filter::MyNodeletClass". A blue arrow points from the bottom box up to the "Nodelet" box, indicating that "gr\_pointcloud\_filter::MyNodeletClass" inherits from "Nodelet".
