

Module

```
graph BT; Inception3["torchvision.models.inception.Inception3"] --> Module["Module"]
```

A diagram illustrating the inheritance relationship between two PyTorch modules. At the bottom is a gray rectangular box containing the text 'torchvision.models.inception.Inception3'. A blue arrow points vertically upwards from the top center of this box to the bottom center of a white rectangular box at the top, which contains the text 'Module'. This indicates that Inception3 inherits from the Module class.

torchvision.models.inception.
Inception3
