

torch::nn::SequentialImpl

```
graph BT; A[vision::models::StackSequentialImpl] --> B[torch::nn::SequentialImpl]
```

The diagram illustrates an inheritance relationship between two C++ classes. At the bottom is a gray box labeled 'vision::models::StackSequentialImpl'. A blue arrow points upwards from this box to a white box at the top labeled 'torch::nn::SequentialImpl', indicating that 'StackSequentialImpl' inherits from 'SequentialImpl'.
